

M2 FCN application

Letter of acceptance

Letter of acceptance from a laboratory should

- be written on the laboratory's letterhead (full administrative and contact info of the lab and PI),
- state that you are accepted for your M2 FCN internship with approx. dates
- provide a **summary** of the internship project (approx. 15 lines), highlighting the **specific contribution of the intern** and including info regarding project's **ethical approval** (authorization already acquired, ongoing or action that will be taken to ensure ethical approval before early January) and **data acquisition mode** (already acquired data or data acquisition performed during the internship (explain how it is secured), or mix of both)
- be **signed** by the internship supervisor (a PI, not a post-doc or PhD student)

It is NOT just an email or a screenshot !!
